

Maintenance School in Hawaii. Chief Petty Officer Dunn was promoted aboard *USS Los Angeles* where he became a Chief Petty Officer in the Reactor Controls Division as well as a Reactor Operator and Engineering Watch Supervisor.

Chief Petty Officer Dunn served during the Cold War at a time in our nation's history when young minds in engineering and nuclear power helped propel America above the Soviet Union. Chief Petty Officer Dunn's time of service also included five Western Pacific deployments and an Eastern Pacific Deployment.

As a submarine sailor back in the 1980s, Chief Petty Officer Dunn worked long hours at the port, including 24-hour duty days. His submarine deployed for three to six months at a time which created challenges for his family. But above all, Chief Petty Officer Dunn persevered and demonstrated grit and passion to serve his country.

After retiring, Chief Petty Officer Dunn continued to embody a true American patriot through his involvement in the community as a Party Precinct President of the Royal Kunia area in Honolulu and a member of the Freemasons in Hawaii.

I am beyond honored to have Chief Petty Officer Dunn in Texas' 4th Congressional district and am privileged to award such a distinguished citizen for his sacrifices.

Ms. WILSON of Florida. Madam Speaker, I rise today as a descendant of Bahamians to recognize Merline Barton for her contribution to the City of Miami's designation of the Little Bahamas of Coconut Grove on July 19, 2022.

Since the 19th century, Bahamians played an integral role in the founding of the City of Miami, representing one-third of the registered signatories on July 28, 1896, the date of the city's incorporation.

Much like Miami's original Bahamian signatories, Merline Barton's commitment to preserving the rich Bahamian culture and history of Miami has helped to ensure the designation of the Little Bahamas of Coconut Grove.

Madam Speaker, please join me in honoring Merline Barton for her contributions to the community and her role in the historic designation of the Little Bahamas of Coconut Grove.

#### HONORING THE LIFE AND SERVICE OF JOHN WONG

#### HON. JOE COURTNEY

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

*Monday, November 7, 2022*

Mr. COURTNEY. Madam Speaker, I rise to honor the long life of a cultural force of eastern Connecticut, John Wong. John passed away peacefully at the age of 92 on January 28th, 2022. A resident of Uncasville, Connecticut, John used his time on this earth as a conduit to extend appreciation for Chinese culture and heritage among his fellow community members.

Born in 1929 in Canton, China, John was son to James and Ago Gay Wong. John and his family moved to the United States during the Second World War, in 1944, resettling in Connecticut. John attended Buckley High School in Hartford, where he gained an appreciation—and eventually a scholarship—for the study of Fine Arts.

Ever the dutiful son, John focused on supporting the family business, Wong's Restaurant, after graduation. The joys he experienced working in the restaurant inspired him to establish a restaurant of his own, China Lake, in 1956. Supported by the love of his life Kally, who he married in 1958, John and his restaurant came to be known as an iconic spot in Uncasville for more than 25 years. After selling China Lake in 1982, John used his entrepreneurial skills to embark on other successful ventures, such as the Connecticut Air Freight Logistic Co. and Sing's Kitchen-located in the Town of East Lyme. John's Sing's Kitchen was such a hit in the area that he had to upgrade it from a takeout destination into a full-fledged restaurant before passing the business onto his son, Nage, and moving into retirement.

Though there are many eras of John's life for which he was known throughout his community, some of his most impactful years came about after his retirement. He used his time wisely, nurturing and fostering his connections with friends and family to establish an immeasurable reputation across the region. A man with an eye for opportunity, he recognized the potential to help those within the community on a larger scale and formed the Chinese and American Cultural Assistance Association. The positive influence of the CACAA was immediately recognized within the community and membership grew exponentially across New London County. Due to John's efforts, southeastern Connecticut was exposed to a layer of culture it had not seen before; and in 2014, he was recognized by the Rotary Club of Norwich, CT, and given the Diversity Award.

It is through this advocacy that I first came to know John as an avid contributor to the community, a participant in countless public events, and an instrumental figure in bridging the cultural gap between the Asian community and residents of the district. John and my staff developed a close relationship that spanned over ten years, working on issues focused on immigration, education, and economic development. Many of these efforts will undoubtedly have generational impacts on members of our community and their families.

Madam Speaker, it is an honor to have had the opportunity to represent constituents like John, who was so dedicated and creative toward the growth of his own community. I had the opportunity to meet John during my tenure in Congress and can personally attest to his relentless commitment to improving our region.

Throughout his life, he gave every project before him his all, and pushed to solidify an entire segment of a community within eastern Connecticut. For that we are grateful. Though we, alongside his fellow friends and surviving family—his daughter, Namie Tedford; sons, Nage and Walter Wong; and grandchildren—mourn his loss, we of course must seek to understand and preserve the weight of his life's work, which will continue to positively influence the district and state long beyond his

final days with us. To that end, it is most appropriate that my colleagues in the House join me in paying tribute to the inspirational, all-American story of the life of Mr. John Wong by preserving his memory through the permanence of the CONGRESSIONAL RECORD.

HONORING THE LIFE OF DALE W. JOHNSON

**HON. DEREK KILMER**

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

*Monday, November 7, 2022*

Mr. KILMER. Madam Speaker, I would like to take a moment to commemorate the life of Dale W. Johnson—a leader of the Makah Tribe who recently passed away.

Dale Johnson served as chairman of the Makah Tribal Council and the Northwest Indian Fisheries Commission. He led efforts to restore the Makah halibut, black cod, and whiting fisheries. Dale was also active within community sporting activities including basketball, football, and the traditional war canoe races. I was grateful for his partnership, and I was always honored to work with him on the critical issues impacting his Tribe.

I am humbled to speak in recognition of Dale. I join his family and the Makah Tribe in mourning his passing, but also in recognizing that his good work will contribute to the community for generations to come.

HONORING CURTIS WAYNE SUTHERLAND JR.

**HON. H. MORGAN GRIFFITH**

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

*Monday, November 7, 2022*

Mr. GRIFFITH. Madam Speaker, I rise today to honor Curtis Wayne Sutherland Jr. of Wytheville, Virginia, who passed away on October 9, 2022. As a public servant of his hometown for four decades, Wayne Sutherland successfully planned and managed significant projects to grow and improve Wytheville.

Mr. Sutherland was born on October 31, 1951, to Curtis Sutherland and Margaret Myers of Wytheville. He attended Virginia Tech and graduated in 1975 with a degree in civil engineering. After earning his degree, he taught at Wytheville Community College. As he later recounted to the Wytheville Enterprise, Mr. Sutherland had applied to a job in Virginia Beach but had not heard back; the Postal Service tardily delivered a letter inviting him to interview for the job a few months after starting at the community college. But he preferred to stay in Wytheville anyway. He took a job as Wytheville's assistant town manager in 1980. Four years later, he was elevated to town manager, a job he held until his retirement in 2020.

Under Mr. Sutherland's leadership, Wytheville enjoyed enhancements to its infrastructure as well as amenities to boost the town's quality of life and appeal to visitors. He put his training as a civil engineer to good use

by overseeing water, road, and building construction and improvements. He also established parks, trails, and green spaces. One of his favorite spots was his first park project, Elizabeth Brown Memorial Park.

Residents of Wytheville can appreciate Mr. Sutherland's contributions to the town when they enjoy the quality of its public services or take advantage of its scenic and recreational opportunities. He modestly attributed his success as town manager over several decades to his ability to delegate, but his contributions were enormous.

Mr. Sutherland was preceded in death by his parents and his son, Will. He is survived by his wife of 44 years, Faye Foglesong Sutherland; daughter, Jamie Pauley (Robert Patton); son, Curtis Sutherland (Hillary); sister, Sandra Sowers (David); and brother-in-law, John Scott (Sue). I offer them my condolences on the loss of this public servant who offered so much to his hometown.

AWARDING CORPORAL CHARLES "CHARLIE" COOPER A CONGRESSIONAL VETERAN COMMENDATION

**HON. PAT FALLON**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Monday, November 7, 2022*

Mr. FALLON. Madam Speaker, I am honored with the privilege of presenting Corporal Charles "Charlie" S. Cooper, U.S. Army/Air Force with a Congressional Veteran Commendation. Throughout his life, Charlie was known for being a jack of all trades but remains humble and kind.

During his 3 years of military service, Corporal Cooper had some very important duties. Charlie's squadron was top secret, monitoring and decoding Japanese communication regarding the movements of the enemy and upcoming attacks on America and allied forces. Because his squadron was able to break up the codes and could relay the information within the strict timelines of the Japanese, the Air Force was able to eliminate incoming enemy attacks. While he served, Charlie was stationed in many different countries across the Pacific Theatre, including New Guinea, Dutch East Indies, the Philippines, and Tokyo where he was stationed when WWII ended.

Other than defending our nation, Charlie worked in the Aircraft manufacturing industry for 29 years, where he worked from maintenance all the way up to become a manufacturing foreman. He has many hobbies which consist of staying active in his church, where he sung in the choir until recently. One of the reasons Charlie resides in Rains County is because he wanted to enjoy his favorite past time, bass fishing, where he could do so on Lake Fork.

I commend Corporal Cooper for his undoubtedly brave service to this country and his community. He is a fitting recipient of a Congressional Veteran Commendation and I celebrate his service.
